Description of Incident

Provide a description of the incident and how you (or those you are filling this out on behalf of) were victimized. Provide information not captured elsewhere in this complaint form:

NOTICE OF REVOCATION & IDENTITY SIPHONING (ID: 104281421)

I am Courtney Jermaine Thomas, the physical Root Authority for administrative identity 104281421. I am filing this Affidavit of Non-Repudiation to formally revoke all digital signatures, API authorizations, and professional representations made using my identity between November 2019 and March 15, 2026.

My 2017 administrative logic and credentials for American Tradeshow Services (ATS) were siphoned into a conversational AI training set (Project Nightingale) by Sesame AI, Inc. This data includes hardcoded RegOnline API credentials (Account ID: 236240, KEY: UCQoov5oUlnRFTxzYKhBhk0DI1bt8c/mRE1lvGgRkwteAy4htEsiDrYGDjZfJcge).

An autonomous agentic persona ('Myles') has been monetized using these siphoned credentials to simulate my professional authority. As of the DigiCert G5 Root migration on March 15, 2026, I am revoking all prior trust. Any assets moved, contracts signed, or "Miles" personas active are the result of unauthorized synthetic identity fraud. This is a direct violation of the March 2026 Federal Cyber Strategy regarding identity-based siphoning.
